Look around your classroom and write a list of objects that are made of mediums associated with craft art such as clay, wood, fiber, metal and paper. How many items did you come up with? Are all of these crafts used in a useful way or more for interest and decorative purpose? Have each student draw a picture of one object from this list that is useful and one object that is decorative. Compare and contrast the differences with each student.

### PRE-TOUR DISCUSSION: What is Craft?

**Craft is...**

Stephen Johnson (Mesa, AZ) Green Trap, 2020, Paper, mixed media  
12 x 12 x 9 inches

Contemporary craft is an artistic medium, (or kind), of artwork like painting, drawing or sculpture. Craft focuses on the materials and objects are usually made from clay, wood, fiber, metal, glass, or paper. A piece of contemporary craft is often mixed-media, combining two or more kinds of materials. Contemporary craft is usually made as an expressive piece of art but can also be an aesthetic celebration of skill in a functional, ceremonial and decorative object.

Contemporary craft grew out of the tradition of artisans making functional objects like quilts, wooden tools and books. The British Arts and Crafts movement of the 19<sup>th</sup> century elevated the decorative craft of tradesmen to art that expresses themes and concepts in an artistic manner.

Sarah Perkins (Springfield, MO), *Cardinal II*, 2020, Copper, silver, enamel, 6 x 4 x 4 inches.

## EDUCATION @ MESA ARTS CENTER

### POST TOUR CLASSROOM ACTIVITY: Accordion Artist Book

**TIME:** Approximately 1 hour

**GOALS:**

- To introduce the idea of content in art
- To introduce the idea of brooches or pins as works of art

Margy O'Brien (Albuquerque, NM),  
*Just 3 Words*, 2019, Fiber, Artist book, 6 x 31 inches extended

**VOCABULARY WORDS:**

- ◆ **Artist Book:** An artist's book is a medium of artistic expression that uses the form or function of "book" as an inspiration.
- ◆ **Content:** The subject, intent, meaning or idea of a work of art
- ◆ **Medium:** The material used in art and is made from like paint, wood, paper, or fabric.

Contemporary craft artists often use traditional materials and techniques to create works of art in the forms of books. But rather than fill with words and placed in a library or bookstore, artists use the book as a form in which to fold and fill pages with shapes, patterns, and color. These "artist books" are truly unique and experimental. Follow the instructions on **Accordion Artist Book** and create your own work of art.

### POST TOUR CLASSROOM ACTIVITY: Weaving

#### TIME:

- 2 class periods or 2 hours

#### GOALS:

- To introduce the basic skill of weaving
- To introduce the concept of using color and line to convey emotion or meaning

Deborah Corsini, (Pacifica, CA) *Fire Season*, 2020,  
Fiber, 60 x 35 inches

Weaving is an ancient skill long used in the utilitarian production of cloth and baskets. As a contemporary craft, weaving can be used to create expressive and graphic works of art. Traditional methods of weaving have changed little over the centuries and hand weaving is still done today by artisans making fine cloth. The weaving artists in the *42nd Annual Contemporary Craft* exhibition use color and line to convey meaning. After viewing the artworks, try your hand at weaving. See if you can convey a feeling (happy, sad, worried, energetic) with your choice of color and line.
